Hopkinsville, Kentucky 42240

Subject: 2020 Public Awareness Plan - Natural Gas Pipeline / Safety Guidelines / Service
US41A - Fort Campbell Gate 5 to Southpark Industrial Park @ Crenshaw Boulevard

Mr. Gassy;

We are pleased to announce that we have recently placed into service a natural gas pipeline along US41A in Hopkinsville and Oak Grove, Kentucky. *(Please see Exhibit A. You are being notified because this gas pipeline may be located on or adjacent to your property, or you may serve the property in some capacity such as a public official, emergency, utility or maintenance services, or you may have an interest in developing property along the US41A corridor).*

With regards, we take this opportunity to remind you this is an active gas pipeline and to always;

CALL 811 BEFORE YOU DIG - IT'S THE LAW !!
CALL HWEA at T # 270-887-4246 or T # 270-887-4232 BEFORE YOU DIG !!

We also take this opportunity to make you aware of the hazards of natural gas, living near a gas pipeline, what to do if you recognize or smell a gas leak, and to always dig with care. *(Please see Exhibit B).*

In addition, if you own property along the pipeline, you may be eligible to receive natural gas service from HWEA. *(Please see our website at www.hwea-ky.com under Rules & Regulations for Customer Service - Natural Gas for further details).*

If you should have any question or comments about natural gas, please contact our Main Office at T # 270-887-4246 or our Emergency / After-Hours # at 270-887-4232.

Sincerely,

Derrick W. Watson
President & CEO
