

**PUBLIC AWARENESS STATEMENT # 02
EPA's 2021 LEAD & COPPER RULE REVISIONS
10/16/2024**

Recently, you may have read various news articles concerning drinking water and revisions to the Lead & Copper Rule. With regards, we are pleased to notify you of the following:

**Website Lead Service Line Inventory
Public Notification**

After a dedicated two-year investigation, HWEA has thoroughly examined all service line materials within our service area. We are pleased to notify our customers that no lead, galvanized requiring replacement, or unknown service lines have been found.

We trust you find this information helpful.
